Important information before investment

- The following investment choices are only available to the selected investment-linked insurance plans (the "Plan") issued by Heng An Standard Life (Asia) Limited (the "Company"). A Plan participant's investments will be subject to the credit risks of the Company.
- The premiums / contributions paid by a Plan participant towards the insurance policy will become part of the assets of the Company. A Plan participant does not have any rights or ownership over any of those assets. The recourse of a Plan participant is against the Company only.
- A Plan participant's return on investment is calculated or determined by the Company with reference to the performance of the underlying funds. The return of the Investments under the Plan shall be subject to the charges of the Plan and may be lower than the return of the corresponding underlying funds.
- Early surrender or withdrawal of the Plan / suspension of or reduction in premium / contribution may result in a significant loss of principal and/or bonuses awarded. Poor performance of underlying funds may further magnify the Plan participant's investment losses, while all charges are still deductible.
- The investment choices available under the Plan can have very different features and risk profiles. Some may be of high risk.
- Investment involves risks. You should not purchase the relevant product unless you understand it and it has been explained to you how it is suitable for you. The final decision is yours.
